PROFESSIONAL SUMMARY

Artificial Intelligence & Data Science undergraduate with strong analytical thinking, problem-solving, and teamwork skills. Experienced in developing practical projects and collaborating on innovative solutions, with a commitment to continuous learning, adaptability, and delivering meaningful results.

WORK EXPERIENCES

Machine Learning&DataScienceIntern| Internship — Mar 2026 - Apr 2026

Sumago Infotech Pvt. Ltd

- Developed an AI image classification system with a **3-stage pipeline** covering image preprocessing, model training, and performance evaluation.
- Built and evaluated classification models using **Python-based ML tools**, applying preprocessing techniques across **2 key phases: training and inference**.

Technologies / Skills Used:*Python, OpenCV, machine learning, Deep learning, neural networks*

PROJECTS

AgriTwin — Ongoing - Present

Team Leader

- Leading a **6-agent multi-agent platform** for agricultural supply-chain management, automation, forecasting, and decision support.
- Developing a digital-twin system to connect fragmented stakeholders and support **real-time optimized supply-chain decisions**.

Technologies / Tools Used:*Python, FastAPI, PostgreSQL, multi-agent system, machine learning, digital twin tech*

KRISHIMENT — Nov 2024

Team Leader

- Led development of a platform connecting **2 stakeholder groups: farmers and labourers**, for job discovery and communication.
- Implemented **3 core workflows: job posting, filtering, and communication** using Django, React, MySQL, and Python.

Technologies / Tools Used:*Python, Django, MySQL, React, machine learning*

Indian Sign Language Detector — Sept 2025

Team Member

- Developed a real-time **ISL gesture recognition system** using computer vision and machine learning.
- Implemented **Python and OpenCV** for image processing and hand-gesture recognition for ISL detection.

Technologies / Tools Used:*Python, OpenCV, Machine Learning, computer vision*

SKILLS

AI/ML :	Machine Learning, Deep Learning, NLP, Generative AI, neural networks
Databases :	MySQL, PostgreSQL, MongoDB
Frameworks & Libraries:	Django, FastAPI, Pandas, NumPy, Scikit-learn, OpenCV, Keras, TensorFlow
Programming Languages:	C, C++, Python, JavaScript
Tools & Platforms:	Git, GitHub, VS Code, Docker, Linux
Soft Skills:	Communication, Leadership, Problem Solving, Team Collaboration, Critical Thinking, Time Management

EDUCATIONS

K. K. Wagh Institute of Engineering Education and Research|Nashik, Maharashtra, India — 2023

B.Tech Artificial Intelligence and Data Science — *CGPA : 8.0*

English School Lamkani , Dhule|Dhule — 2021

ssc — *Percentage : 96.20*

AWARDS & ACHIEVEMENTS

- 1st Place - Code Relay Competition, Phoenix Club, KKWIEER, Jan 2025
- 3rd Place - Project Based Learning Competition, AI and DS Department, KKWIEER, Mar 2025
- 5th Rank (Grand Finale) - Hack The Flame 2025, Generative AI, Nov 2025
- 3rd Place - AI and Innovation Sprints 2026, IIC KKWIEER, Jan 2026

CERTIFICATIONS

- GenAI Powered Data Analytics Job Simulation | Tata iQ – Forage
- SQL (Advanced) | HackerRank
- Software Engineering Job Simulation | JPMorgan
- Complete Data Science, Machine Learning, Deep Learning & NLP Bootcamp, Udemy, Jul 2026

TECHNICAL CLUBS

TeamLeader — Nov 2024

Smart India Hackathon (Internal Round)

- Led a team in developing **KRISHIMENT**, an agriculture-focused software solution.

CodeAutomata — *Jan 2025*

CSMIT, Panvel

- Participated in a national-level coding competition.

EXTRA CURRICULAR

- Active participant in college-level chess ,Cricket matches
- 1st Prize in College-level Dance Event
- NSS Team Coordinator , Event manager
